

Specifying guide for artisan water systems

Make a choice between a remote chiller, countertop chiller, cabinet configuration or cold plate style model
If you select a remote chiller unit, proceed to step 2
If you select a countertop unit, proceed to step 4

Quick List

Step One

Select between a countertop or remote chiller
For remote chiller proceed to step 2
For countertop proceed to step 4

Step Two

Select your tower and the number of taps

Step Three

Select drip/drain pan

Step Four

Select your Crysalli chiller unit
For remote chillers go to page 11
For countertop units go to page 12
For low volume units go to page 15

Step Five

Pick an installation kit and additional trunk line if required

Step Six

Select a water filtration system

To have a complete system, you must go through all Steps 1-6

Call Sierra Filtration Services 1-800-951-FILTER (3458) - Crysalli Factory Authorized Service Dealer to buy, service and maintain your Crysalli equipment.
